Los Angeles, CA August 10, 2016

What if you could give your children all the 'self-help' wisdom and life lessons you learned later in life (and the hard way!) in a book that they would actually love and listen to?

Now, you can! Enter the *FIND SOMETHING AWESOME!* Book Series. It teaches kids what their brains can do through the power (and fun!) of positive thinking, gratitude, and

focused imagination to create desired outcomes in life, build self-confidence, and develop life-long skills for a happy childhood and successful adulthood.

About the *FIND SOMETHING AWESOME!* Book Series

Divided into 4 Levels, each title in the series shows children how to become the master of their thoughts to build a strong, capable, and self-confident inner-foundation.

Level 1 What Color Is Your Butterfly? Feelings come from thoughts. Level 1 Lets kids know they can train their brain to 'FIND SOMETHING AWESOME!'

Level 2: Have You Ever Thanked a Rainbow? Teaches kids the power (and fun!) of positive thinking *and gratitude* in everyday life by showing them how gratitude leads to happiness.

Level 3 Did You Laugh When You Stubbed your Toe? Kids learn how to turn negative feelings OFF, and how to remain strong and confident with positive self-talk: "I am awesome! I can do this!"

Level 4: Have You Seen What the World Does? Teaches kids the power of self-confidence and positive visualization to create successful outcomes in life!
